

Corporate Profile

Your preferred Counsel

Dear Sirs,

Thank you for your interest in getting to know more about De Jure Legal. This short outline endeavours to set out how we would be able to assist with the provision of certain legal services in the UAE while sharing our vision and experiences.

We understand the strategic significance a legal consultant plays in an organization like yours. Our streamlined, experienced and highly skilled team is eager to work with you to achieve your desired objectives in a cost efficient manner.

About Us

De Jure aspires to revolutionize the legal industry by promoting a proactive attitude towards legal services. Rather than adopting a reactive approach to legal conflicts, the firm encourages its clients to undertake a proactive attitude by implementing cost efficient preemptive measures to prevent any potential legal contentious disputes from arising.

De Jure provides its clients with comprehensive guidance and advice on navigating existing and potential legal issues, effectively assisting them in avoiding the need for costly legal battles. The ultimate objective of the firm is to establish long-lasting relationships with its clients and become a trusted advisor on all legal matters.

De Jure's core philosophy and its values aims to instill a new mindset pertaining to legal services, prioritizing prevention over reaction. By empowering its clients to adopt a proactive approach to legal issues, De Jure endeavors to enable them to achieve their goals with confidence and tranquility, free from any legal disputes.

Compliance

We offer an outsourced AML compliance solution which handles customer onboarding and periodic reviews, PEPs & sanctions screening, transaction monitoring, AML reporting, and general financial crime advice. We undertake outsourced AML checks, including assistance with customer due diligence (CDD) reviews and CDD onboarding.

Mergers and Acquisition

We understand that every merger, acquisition, divestiture, or joint venture represents not just a significant business transaction, but a pivotal moment in a company's trajectory. Our goal is to ensure that every aspect of the deal aligns with our clients' strategic objectives while minimising risk and maximising value.

Dispute Management

We work with a diverse range of Clients including international clients and law firms, to provide guidance on UAE, DIFC/ADGM laws, United Kingdom, Hong Kong and Singapore when parties have chosen these laws to govern their disputes.

Goal

Goal

To ensure a proactive approach to legal services that are cost effective and transparent which reflect in the firm's engagement model, and are tailored to suit the unique needs of our Clients individually. The outlook of De Jure is to captivate the market for a proactive legal approach for its Clients while managing the firms overheads that do not trickle down to our Clients that are reflected in our fees. This sustainable approach is the key to being a leading legal service provider and building our Clients businesses.
